OUR CAMP PHILOSOPHY

Our camps are designed for the beginner to intermediate level player. The stress is on equal time devoted to the basic skills. Emphasis is on individual skill improvement and motivation. Homogeneous grouping (based on the current skill level of each participant) is done so that each session can be designed to meet the needs of the players and maximize progress.

OUR CAMP STAFF

Our staff members are selected for their knowledge, teaching skills and abilities to relate with children and young adults. Along with the directors of our camps, additional staff will include high school coaches and players.
