YMCA Mission: To put Judeo-Christian principles into practice through programs that build a healthy spirit, mind and body for all.

Aqua Aerobics - A moderate-to-high cardiovascular workout that combines water resistance exercises and aerobic activity for a total body workout. (M/W/F)

Aqua Blast - A great way to start your day! Deep/Shallow combination class that will jumpstart your cardiovascular workout, wake up your muscles with strengthening exercises, and end with morning stretching for maximum flexibility and range of motion (T/TH)

Aquacise - A mild cardiovascular workout using water resistance to improve range of motion, muscular strength, and flexibility. (M/W/F)

Aqua Combo - This class combines deep and shallow water exercise for a total workout. (M/W/TH)

Deep Water - A class geared to train your cardiovascular system as well as give you a total body workout with no impact. (M/W/F AND T/TH)

Energizers - This shallow water, intermediate intensity, moderate impact class includes water resistance exercises designed to build a cardiovascular workout. It incorporates the strengthening of all muscle groups and an increase in joint flexibility. (M/W/F)

Tabata/Boot Camp Combo - High intensity deep water interval training. Blast calories and tone muscles using 360 degrees of resistance. Warm-up followed by a series of timed exercise sequences coordinated to music and finally a cool down. Class sessions will alternate between Tabata and Boot Camp. (T)

Water Walking - This class provides less impact than walking on land. The focus is on endurance, mobility, and therapeutic conditioning. (M/W/F AND T/TH)

Water Yoga - Ease anxiety & stress; improve muscle strength & flexibility while gently aligning the joints. Enhancing balance & strength while calming the mind. (T/TH)

Specialty Classes

Aqua-Arthritis - A non-aerobic class designed to work each joint through its entire range of motion. In addition, to increase the general range of motion and strength in joints. (M/W/F AND T/TH)

Aqua Arthritis Plus - The standard arthritis class with an added low intensity aerobic workout. (M/W/F)

***Fibromyalgia** - Designed specifically for those suffering from Fibromyalgia and/or chronic pain. Class concentrates on muscular strength, flexibility, and aerobic exercise.
